

ABHAY KAUSHAL

Full-Stack Web Developer — MERN Stack — React — Next.js
+91-6397516652 Email GitHub LinkedIn Portfolio
India (Open to Remote / Relocation)

PROFESSIONAL SUMMARY

3rd-year B.Tech Computer Science student (GLA University) with hands-on experience building production-ready full-stack web applications using the MERN stack and Next.js. Completed a remote internship as a Full-Stack Developer and shipped 3 live projects used by real users. Passionate about clean UI, scalable architecture, and fast delivery. Actively seeking remote internship or entry-level frontend/full-stack roles.

WORK EXPERIENCE

Freelance Web Developer — Timely Group (China)

March 2026

- Designed and developed full company website
- Built product page and hero section
- Implemented modern UI and responsive design
- Tech Stack: Next.js, Tailwind, JavaScript

Full-Stack Developer Intern — Cut Edge Technology Pvt. Ltd.

Oct 2025 – Nov 2025

- Built and optimized responsive React.js frontend components
- Collaborated with backend team to integrate REST APIs
- Participated in code reviews and improved performance
- Worked in agile remote-first environment using Git

PROJECTS

QR-Based Restaurant Ordering System

React.js · Node.js · Express.js · MongoDB · REST APIs · Tailwind CSS

- Developed a full-stack QR-based ordering system enabling real-time menu browsing
- Designed dual-panel UI for customers and restaurant staff
- Implemented secure REST APIs and optimized MongoDB queries
- Live Demo: [Live](#)

Tod-AI — Interactive Alphabet Learning Platform

Next.js · Tailwind CSS · JavaScript

- Built toddler-focused interactive learning platform
- Secured Top 7 Rank at CodeForge Hackathon 2025
- Optimized accessibility and performance using Next.js SSR
- Live Demo: [Live](#)

CarRental — Full Stack Car Rental Platform

React.js · Node.js · Express.js · MongoDB · JWT · Tailwind CSS

- Developed full-stack car rental platform
- Built admin dashboard for managing bookings
- Integrated Cloudinary for secure image uploads
- Designed responsive UI using Tailwind CSS
- Live Demo: [Live](#)

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, Python, C

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, Framer Motion, GSAP

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, WebSocket

Databases: MongoDB, PostgreSQL, MySQL

State Management: Redux Toolkit, Context API

Tools: Git, GitHub, Postman, Vercel, Render, Cloudinary

Other: Data Structures & Algorithms, Responsive Design, API Integration

EDUCATION

B.Tech in Computer Science Engineering

2023 – 2027

GLA University, Mathura — CPI: 7.48 — Currently in 3rd Year

Class 12th

2021

Milton Public School — 67.8%

CERTIFICATIONS & ACHIEVEMENTS

- 2025 Google Cybersecurity Professional Certificate — Google
- 2024 Software Engineering — NPTEL (IIT Kharagpur)
- 2025 E-Business — NPTEL (IIT Kharagpur)
- 2025 Management Information Systems — NPTEL (IIT Kharagpur)
- Top 7 Rank — CodeForge Hackathon 2025

LEADERSHIP & EXTRACURRICULAR

- Head, Medical Team — Shrijan Event (2025)
- Organizer — WebX Hackathon, TechNavya Techfest (2025)
- Coordinator — Registration Team — Shrijan Event (2024)
